Other subjects to be explored: AGER, COMM, COUN, MGMT, and WMST.

**Chemistry minor requirements:**
CHEM 1410/1430, 1420/1440, 2370/3210, 2380/3220, and BIOC 3621/3622

**Major Requirements**
- 36 advanced hours in 3 fields of study (at least 9 advanced hours each)
- Students cannot complete 2 fields from the same College or School with the exception of CAS
- Students are responsible for course pre-requisites not pre-major courses
- Courses cannot apply toward both a Integrative Studies field and a major/minor
- C or better in all courses used in the 3 fields

The student has the freedom to do other course combinations. This is only to provide an idea of courses that relate to Medical or Dental School.

FYI: If you are interested in Baylor College of Dentistry this major will not suffice. They require a Biology or Biochemistry major.

Revised 2/25/15
Course Titles

BIOL 1710: Biology for Science Majors 1.
BIOL 3451: Genetics.
BIOL 3510: Cell Biology.
BIOL 3800: Animal Physiology.

PSYC 1630: General Psychology.
PSYC 3620: Developmental Psychology.
PSYC 4620: Abnormal Child Psychology.
PSYC 4640: Psychophysiology.

DFST 3113: Infant and Toddler Education and Intervention.
DFST 3123: Child Development.
DFST 3313: Interpersonal Relationships.
DFST 4133: Adolescent Development.

HLTH 3300: Health Emergencies and First Aid.
HLTH 4100: Epidemiology of Communicable and Non-Communicable Disease.
HLTH 4150: Drugs and Human Health.
HLTH 4251: Consumer Health Advocacy.

RHAB 3000: Microcounseling.
RHAB 4075: Drugs and Alcohol.
RHAB 4275: Alcohol, Drugs and Disability.

SOCI 1510: Introduction to Sociology.
SOCI 3110: Sociology of Mental Health, Mental Illness.
SOCI 3120: Sociology of Health and Illness.
SOCI 4550: Sociology of Aging.

SPAN 3060: Advanced Spanish Composition and Oral Practice.
SPAN 3070: Advanced Spanish Composition and Oral Practice.
SPAN 3550: Spanish for the Medical Professions I.
SPAN 3560: Spanish for the Medical Professions II.

"My degree gave me the opportunity to study biology, psychology, and rehabilitation, making me a diverse and unique applicant for medical school."
- Dr. P. Shanley, UNT Alumnus

The student has the freedom to do other course combinations. This is only to provide an idea of courses that relate to Medical or Dental School.
FYI: If you are interested in Baylor College of Dentistry this major will not suffice. They require a Biology or Biochemistry major.
